MATT FINISH

Non-polished glaze tiles, randomly textured, non-reflective, scratch-resistant, and low-abrasion surfaces

HIGH-GLOSS

Mirror-like reflections are visible in the design. Depth and sharpness in printing provide rich and extremely reflective gloss visibility.

CARVING

DEAD MATT

Dead matt, non-reflective smooth surface with textured veins crafted using transparent yet shiny ink, which becomes reflective at certain angles.

DRY GRANULA

DIGI MATT

Full digital application tile with no top glaze. Transparent and shiny printing ink is used to create a depth-like effect on the smooth surface

MARBLE FINISH

Appearance of used Italian marble flooring, featuring a granula, soft, & smooth, non textured surface that doesn't show any fingerprint marks.
